About us

We help to furnish cozy and comfortable bedroom interiors, taking care of our clients' health and comfort. In our offer you will find everything you need to create a cozy and safe place for rest and relaxation.

We are a Polish-based manufacturer with a long tradition. We have modern machinery resources and qualified staff. Each of our products meets rigorous quality and safety requirements. Certified components are suitable for adults, infants, and children.

Our priority is also the natural environment. The raw materials we use are safe and eco-friendly.

Our efforts are appreciated by customers in Poland as well as in many European countries. We sell our goods directly and through a network of trusted partners. Our products are regularly awarded by furniture industry specialists because our beds and mattresses are made with passion and commitment.

FDM TEAM

CREATE YOUR DREAM BED

ADJUST IT TO YOURSELF
AND SLEEP THE WAY YOU LIKE

ACCESSORIES

Choose the accessories that best suit you and your bedroom. Buttons, crystals, quilting, or decorative stitching. Find the bed that is perfect for you!

FURNITURE BOARD COLOR

Choose from available high-quality furniture board colors, in a solid matte color or wood imitation.

BED SIZE

Our beds are available in standard single and double bed sizes.

FABRIC COLOUR

Match the color of the bed to your interior. Choose from a wide range of colors.

FABRIC

Choose a material that will accentuate the style of your bedroom. You can choose from soft and durable velvets, woven fabric, natural or eco-friendly leather.

BED FRAME

It supports the mattress and extends its lifespan. It significantly contributes to maintaining proper hygiene and the health of your sleep. You can choose from standard and adjustable, wooden and metal bed frames.

SELECT A MATERIAL

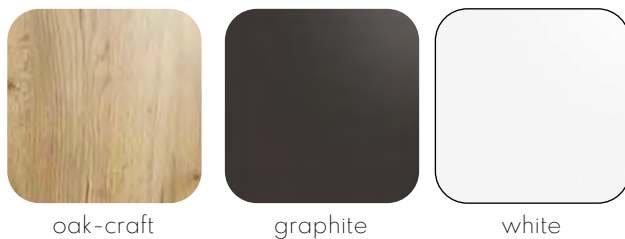

Trinity

Soft and delicate plush fabric with a weight of 355g/m², perfect for upholstery of bedroom beds, resistant to abrasion, pilling, and light.

Furniture board

A high-quality material made of compressed wood chips. Impregnated with melamine resin. Smooth surface easy to clean and resistant to dirt.

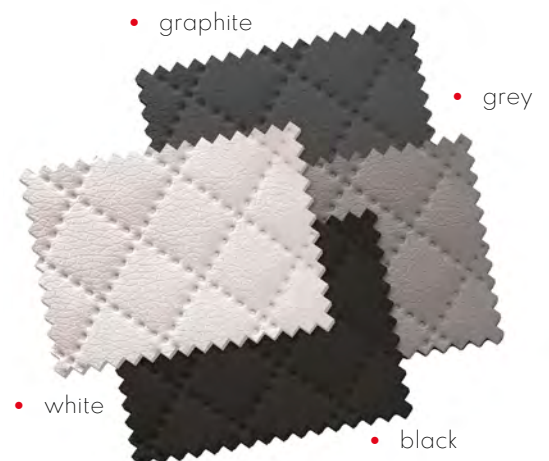

Natural leather

Pleasant to the touch and easy to clean natural leather. It is resistant to tearing and bending.

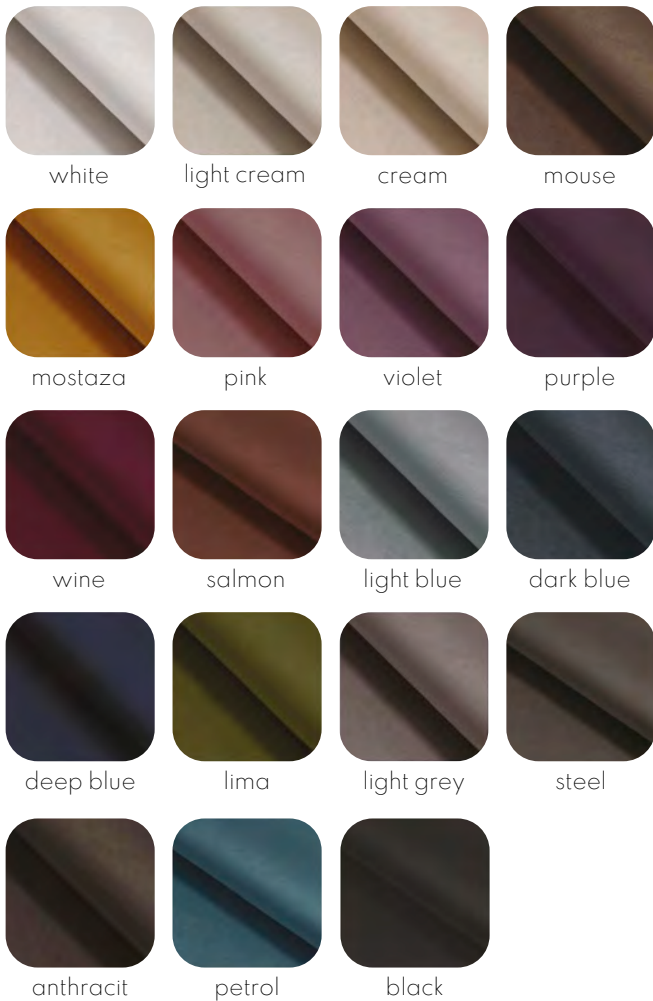

Ecoleather

A great alternative to natural leather. Eco-friendly, flexible, and resistant. Wide range of colors available.

Paris

Lightly shiny velvety fabric with a pleasant texture and a weight of 520g/m². It is characterized by high resistance to abrasion, pilling, and light.

Bahama

Small weave with a delicate shine. Weight 300g/m². Strong colors. Very high abrasion resistance

Ottawa

A weave with a distinct, slightly shiny weave and a weight of 360g/m². Pleasant to the touch, waterproof.

SELECT A BED FRAME

Wooden

- A wooden frame with slats spaced at an appropriate distance.
- It supports the mattress and ensures its durability, preventing deformations.
- In the lift-up version - two gas lifts.

Metal

- Metal frame and birch springy slats.
- Thanks to the slats placed at an appropriate distance, the frame prevents mattress deformation and helps avoid moisture accumulation.
- In the lift-up version - two gas lifts.

UPHOLSTERED PANELS

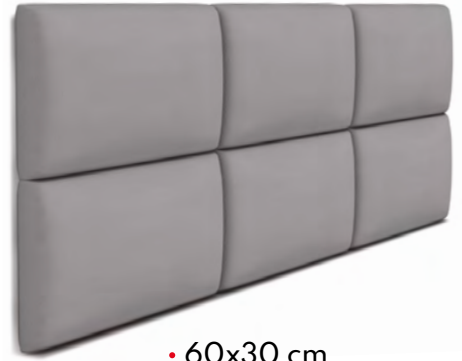

ADD CHARACTER TO YOUR INTERIOR

Panels are a great alternative to a bed headboard. They give the interior a modern twist and ensure easy and flexible bedroom arrangement. As well, they help reduce redundant noises. The rectangular shape of the panels allows to create a symmetrical composition. The color and number of panels depends solely on our needs and imagination, and the variety of dimensions ensures a proper fit for any idea.
